Year: Nursery	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2	
Context for learning:	I wonder what is special about where I live?	I wonder what we celebrate and why?	I wonder what I was like as a baby?	I wonder what grows and how?	Freestyle	I wonder who inspire me?	es
PSED Self-regulation/ Managing self/ Building relationships	Children's personal, social and emotional development (PSED) is crucial for children to lead healthy and happy lives and is fundamental to their cognitive development. Underpinning their personal development are the important attachments that shape their social world. Strong, warm and supportive relationships with adults enable children to learn how to understand their own feelings and those of others. Children should be supported to manage emotions, develop a positive sense of self, set themselves simple goals, have confidence in their own abilities, persist and wait for what they want and direct attention as necessary. Through adult modelling and guidance, they will learn how to look after their bodies, including healthy eating, and manage personal needs independently. Through supported interaction with other children, they learn how to make good friendships, co-operate and resolve conflicts peaceably. These attributes will provide a secure platform from which children can achieve at school and in later life.						
	Being me in my world Who am I and how do I fit?	Celebrating difference Respect for similarity and difference. Anti-bullying and being unique.	Dreams and goals Aspirations, how to achieve goals and understanding the emotions that go with this.	Healthy me Being and keeping safe and healthy.	Relationships Building positive, healthy relationships. Changing me Coping positively with or		nge.
Communication and Language Listening, attention and understanding/ Speaking	The development of children's spoken language underpins all seven areas of learning and development. Children's back-and-forth interactions from an early age form the foundations for language and cognitive development. The number and quality of the conversations they have with adults and peers throughout the day in a language-rich environment is crucial. By commenting on what children are interested in or doing and echoing back what they say with new vocabulary added, practitioners will build children's language effectively. Reading frequently to children, and engaging them actively in stories, non-fiction, rhymes and poems, and then providing them with extensive opportunities to use and embed new words in a range of contexts, will give children the opportunity to thrive. Through conversation, story-telling and role play, where children share their ideas with support and modelling from their teacher, and sensitive questioning that invites them to elaborate, children become comfortable using a rich range of vocabulary and language structures.						
*Some key vocabulary taken from the NHS Sp & Lang Toolkit – Early Word Checklist	Key vocabulary Family, parents, Mum, Dad, brother, sister, Grandma, Grandad, Auntie, Uncle, Beeston, house, home, door, window, bathroom	Key vocabulary Celebrate, Eid, Christmas, birthday, party, balloon, bubbles, biscuit, cheese, banana, bread, juice	Key vocabulary Me, baby, buggy/pram, bottle, milk, blanket, potty, bath, doll, teddy, bear, toy, bike, train, truck, lorry, change, grow, ball, book	Key vocabulary Tree, flower, seeds, soil, bird, tadpoles, frog, change, grow	vocabulary (Child led topic) Parent, postmar	Key vocabulary Parent, teacher, caretaker, dinner supervisor, postman/postwoman, firefighter, police officer, nurse, doctor, Imam, shopkeeper	
Physical Development Gross motor skills/ Fine motor skills	Physical activity is vital in children's all-round development, enabling them to pursue happy, healthy and active lives. Gross and fine motor experiences develop incrementally throughout early childhood, starting with sensory explorations and the development of a child's strength, co-ordination and positional awareness through tummy time, crawling and play movement with both objects and adults. By creating games and providing opportunities for play both indoors and outdoors, adults can support children to develop their core strength, stability, balance, spatial awareness, co-ordination and agility. Gross motor skills provide the foundation for developing healthy bodies and social and emotional well-being. Fine motor control and precision helps with hand-eye co-ordination which is later linked to early literacy. Repeated and varied opportunities to explore and play with small world activities, puzzles, arts and crafts and the practice of using small tools, with feedback and support from adults, allow children to develop proficiency, control and confidence.

Literacy Comprehension/ Word reading/ Writing	It is crucial for children to develop a life-long love of reading. Reading consists of two dimensions: language comprehension and word reading. Language comprehension (necessary for both reading and writing) starts from birth. It only develops when adults talk with children about the world around them and the books (stories and non-fiction) they read with them, and enjoy rhymes, poems and songs together. Skilled word reading, taught later, involves both the speedy working out of the pronunciation of unfamiliar printed words (decoding) and the speedy recognition of familiar printed words. Writing involves transcription (spelling and handwriting) and composition (articulating ideas and structuring them in							
	speech, before writing). Comprehension	Comprehension	Comprehension	Comprehension	Comprehension	Comprehension

Understanding the World Past and present/ People, culture and communities/ The natural world	Understanding the world involves guiding children to make sense of their physical world and their community. The frequency and range of children's personal experiences increases their knowledge and sense of the world around them – from visiting parks, libraries and museums to meeting important members of society such as police officers, nurses and firefighters. In addition, listening to a broad selection of stories, non-fiction, rhymes and poems will foster their understanding of our culturally, socially, technologically and ecologically diverse world. As well as building important knowledge, this extends their familiarity with words that support understanding across domains. Enriching and widening children's vocabulary will support later reading comprehension.							
	Past and present	Past and present Birthdays How old I am and when my birthday is	Past and present How I've changed The differences between me now and when I was a baby.	Past and present	Past and present (Child led topic)	Past and present		
	People, culture and communities My family My family and where I live	People, culture and communities	People, culture and communities	People, culture and communities	People, culture and communities	People, culture and communities People who help us Different occupations and my aspirations		
	The natural world	The natural world	The natural world	The natural world The outside world Growing seeds and watching tadpoles grow	The natural world	The natural world		
Expressive Arts and Design Creating with materials/ Being imaginative and expressive	The development of children's artistic and cultural awareness supports their imagination and creativity. It is important that children have regular opportunities to engage with the arts, enabling them to explore and play with a wide range of media and materials. The quality and variety of what children see, hear and participate in is crucial for developing their understanding, self-expression, vocabulary and ability to communicate through the arts. The frequency, repetition and depth of their experiences are fundamental to their progress in interpreting and appreciating what they hear, respond to and observe.							
	Body art Making marks with my body	Dances from around the world	Lullabies and Nursery rhymes Songs from my babyhood	Natural sculptures Using natural resources	(Child led topic)	Famous artists Goldsworthy, Arcimboldo, Kandinsky
